OUR EXTENSIVE PRODUCT OFFERING

Model 5502

SELF STORAGE DOOR

Perfect for most storage facilities, the Model 5502 offers excellent performance and reliability at an economical price. This model features a fully enclosed barrel assembly, bottom bar with 14-gauge galvanized steel angle, and galvanized steel guides that are hot dipped for maximum strength and rust resistance. The Model 5502 is available in sizes starting as small as 3' wide.

Model 5536

LIGHT-DUTY SHEET DOOR

Our Model 5536 is economical and durable. This model is an excellent choice for most light-duty commercial applications. The 9-1/2" barrel assembly fully encloses the drum, springs and axle and allows this door to fit into low headroom requirements. When cost is a major consideration, the Model 5536 is designed to be economical without sacrificing performance, craftsmanship, or aesthetics.

Model 5601

HEAVY-DUTY SHEET DOOR

Engineered for heavy-duty applications, the Model 5601 is a great door for most docks or warehouses. The Model 5601 features dual galvanized steel slide bolt locks, 12-gauge steel wall mounting brackets, steel bearing shaft support, 12" drums inclosed in a full width galvanized steel barrel, and heavy-duty galvanized steel guides.

Model 5652

HEAVY-DUTY WINDLOAD CERTIFIED SHEET DOOR

Manufactured to provide up to +36 PSF and -40 PSF at 12' widths, the Model 5652 can help protect property and products in storm prone areas. The Model 5652's nylon windlocks provide maximum protection without sacrificing ease of operation. This door is also perfect for oversized commercial applications up to 18' x 20'. The Model 5652 has dual galvanized steel slide locks, and heavy-duty galvanized steel guides.

Model 5502

SELF STORAGE DOOR

1. 26-gauge galvanized steel curtain
2. Super Durable polyester paint provides years of fade resistance and film integrity

3. Galvalume bottom bar with 14-gauge steel angle with a steel lift handle

4. Exterior dual lock assembly provides for two padlocks

5. Heavy-duty galvanized steel guides hot dipped for maximum strength and rust resistance

6. 9-1/2" drums are totally enclosed by the galvanized steel barrel assembly

7. Steel bearing shaft support

8. Adjustable tensioning device

1. 26-gauge galvanized steel curtain
2. Super Durable polyester paint provides years of fade resistance and film integrity

3. Galvalume bottom bar with 12-gauge steel angle

4. Dual galvanized steel slide bolt locks attached to the bottom bar

5. Heavy-duty galvanized steel guides hot dipped for maximum strength and rust resistance

6. Interior and Exterior polypropylene wear strip to reduce friction and ensure smooth and quiet operation

7. 12" enclosed barrel

8. Steel bearing shaft support

9. 12-gauge wall mounting brackets

10. Reduced drive chain hoist standard for doors over 100 sq. ft.
