**WARRANTY** Northwest door warrants its 500 SERIES raised panel door sections for a period of five (5) years, to the original consumer against deterioration due to rust-through. Parts and accessories are warranted against defects in material and workmanship for a period of one (1) year. This warranty is limited to furnishing any part or parts due to product failure. Northwest door has sole right to determine whether failure of products from normal use or abuse of product. Warranty does not apply to any product that, in the judgement of Northwest Door, was subjected to misuse or neglect or has been altered during installation in any way that may have impaired its safety, operation or efficiency, nor to any product that has been subjected to an accident.

**WARNING:** Any adjustment to your door should be made by an experienced door installer, such as your Northwest Door Dealer. Serious injury can result from improper adjustments to your door. Northwest Door reserves the right to make product changes without prior notice. Top section must be struted on motor operated doors, designer glass sections must be struted.

This product contains no ozone damaging Chlorofluorocarbons present in some urethane foam products.

**For ease of operation we recommend LiftMaster Professional Line Garage Door openers for all Northwest Door products.**
